Cable tray plugs and elbows

Overview

Cable tray accessories, including horizontal elbows, vertical elbows, and straight connectors, are essential components for efficient and secure cable tray installations in various industrial and commercial settings. All fittings are available in sizes and types corresponding to the straight cable tray sections. Cable trays are components used in the wiring of buildings to support insulated cables and organise them to be hidden from view. They offer an alternative to open wiring or electrical conduit systems and are necessary for cable management in commercial and industrial construction, as well as. Cable tray fitting accessories, also known as cable tray accessories, are a wide range of components used to connect, support, or change the direction of mathed cable trays.
