1. Korea Optron Corporation (KOC) KOC is a leading manufacturer of high-performance fiber optic patch cords, offering products for both single-mode (1310–1550 nm) and multi-mode (850–1300 nm) fibers. Their patch cords are terminated with high-quality connectors, ensuring low insertion loss and high return loss, and each unit is individually tested with supplied test reports . 2. Hanyo Co., Ltd. Established in 1998, Hanyo specializes in optical communication components and equipment. The company produces fiber optic patch cords and other communication elements for broadcasting, telecom, and information supply networks . 3. Fiberpia Co., Ltd. Fiberpia focuses on R&D, production, and sales of optical communication systems, including PON systems and fiber optic patch cords. They provide both passive and active components, emphasizing technological expertise and innovation . 4. OPSYS Co., Ltd. OPSYS manufactures optical jumper cords, fiber optic cables, connectors, adapters, and related components. Their products are widely used in Korea under strict quality control systems . 5. Taihan Fiberoptics Co., Ltd. Founded in 1974, Taihan is a major player in optical fiber and cable production. They supply high-performance fibers and fiber optic cables for telecommunications, data centers, and industrial applications, with a strong focus on quality and global distribution . 6. LS Cable & System LS Cable & System is one of South Korea's largest cable manufacturers, producing fiber optic cables and patch cords for high-speed data transmission, submarine communication, and specialty applications . 7. FiberPro Inc. FiberPro specializes in high-performance fiber optic products, including patch cords, connectors, splicers, and testing equipment. They emphasize innovation and reliability for telecommunications and industrial automation . 8. Mercury Corporation Mercury manufactures fiber optic cables and components, including patch cords, connectors, and adapters, with a strong focus on quality control and custom solutions for network requirements .

Additional Notable Companies

Other South Korean companies involved in fiber optic patch cord production include Eun-Gwang Corp., KOT Co., Ltd., WinyTechnology Co., Ltd., TradeVerify HB Line Inc., and Shin-Kwang Information Communications Co., Ltd., all of which provide various optical communication components and solutions .

Summary

South Korea's fiber optic patch cord market is supported by a mix of long-established companies like Taihan Fiberoptics and LS Cable & System, as well as specialized manufacturers such as KOC, Fiberpia, and OPSYS. These companies offer a wide range of products for single-mode and multi-mode networks, emphasizing quality, testing, and innovation, making them reliable sources for both domestic and international fiber optic projects.
