How much does a span cable tray cost in the UK

Overview

Cable Tray & Ladder Rack Calculator | TradeProCalculate cable tray and ladder rack sizing, support spacing, cable fill ratios and total material quantities.

Key Takeaways

Span cable trays in the UK typically cost between £30 and £100 per 2–3 metre section, depending on material, size, and load capacity.Pricing Overview
• Electro Zinc Cable Basket Tray (3 metres, 150mm width, 60mm depth): Approximately £48–£60 per tray, suitable for medium cable loads and internal environments, made from 4.5mm steel wire with corrosion-resistant plating .

• Hot Dip Galvanized Ladder Cable Tray (2.4 metres standard length): Prices generally start around £30–£50 per tray, depending on width and duty rating .

• Material Variations: Stainless steel trays (304 or 316) are more expensive due to corrosion resistance and durability, often exceeding £80–£100 per 3-metre section . PVC trays are usually cheaper, around £25–£40 per 2–3 metre section, and are suitable for lighter loads and indoor/outdoor use .
Factors Affecting Cost
• Tray Type: Ladder, basket, wire mesh, or single rail designs influence price. Basket and wire mesh trays are generally mid-range, while ladder trays can be cheaper for light-duty applications .

© 2026 ZITHA TECH SPECIALTY CABLES (Pty) Ltd - All rights reserved

• Duty Rating: Light duty (up to 10kg/m) is cheaper, medium duty (10–30kg/m) is mid-range, and heavy duty (30kg/m+) is more expensive due to thicker steel and reinforcement .

• Accessories: Fittings, cover clips, and fixings add to the total cost. These are usually priced per piece and can range from £2–£15 each depending on type .

• Delivery and Bulk Orders: Many UK suppliers offer free delivery for orders over £100, but bulk or custom-length orders may incur additional charges .
Summary

For a standard 3-metre span cable tray in the UK, expect to pay:

• Light-duty PVC tray: £25–£40

• Medium-duty electro zinc basket tray: £48–£60

• Heavy-duty stainless steel tray: £80–£100+ Prices vary by supplier, material, and load requirements, so it is recommended to request a quote from UK suppliers such as CMW Ltd, RS Components, or Expert Electrical for precise pricing and bulk discounts .
