ZITHA TECH SPECIALTY CABLES (Pty) Ltd

Indonesia Standalone Switch 200G

Overview

DIS-200G adalah switch Ethernet terkelola (managed switch) yang dirancang untuk memenuhi kebutuhan jaringan yang lebih kompleks, khususnya di sektor industri, perusahaan menengah, dan lingkungan yang menuntut konektivitas andal dengan fitur manajemen tingkat lanjut. Featuring management interfaces, including an industry-standard CLI, and Web-based UI, the DIS-200G Serie is easy to manage and provides the controls to help protect and shape your network. Designed with 10 x 10/100/1000BaseT ports and 2 x SFP ports to suit a range of devices and network layouts. These switches feature a robust design making them ideal for deployment in industrial and outdoor surveillance. TP-LINK's JetStream series Managed Switches provide a robust and future-proof network solution with high accessibility, great scalability, rich management features and security functions, making it ideal for enterprises, ISP and campus networks. Elevate your business network with our enterprise-grade smart switches designed to deliver superior performance and reliability.
