ZITHA TECH SPECIALTY CABLES (Pty) Ltd

Jamaica Integrated Power Supply

Overview

ABB will supply an ABB AbilityTM enabled microgrid and storage system to help integrate renewable solar and wind energy into the large tropical island's power supply, reducing the need for fossil fuels and lowering the carbon footprint. PowerTech is one of the island's leading providers of Uninterruptible Power Supply (UPS) systems. Our product range and services include, among other things, UPS systems, batteries, electrical wiring, transformers. Island Maintenance Services (IMS), now branded IMS Power, was established in year 2000 and has over 70 years collective experience in the service business. This includes 400 kilometers of 138 kilovolt (kV) lines and almost 800 kilometers of 69kV lines. We also carry other brands but just to list a few of the more popular. The ERC also includes sectoral data and information on policies and regulations; workforce; training and capacity building; and related areas.
