ZITHA TECH SPECIALTY CABLES (Pty) Ltd

Large Capacity Fiber Reinforcement Tray

Overview

FCT FRP Cable Trays are designed specifically for electrical and instrumentation installations, utilizing corrosion-resistant fiber reinforced plastic. Fibre casting, also known as moulded pulp, is a sustainable material produced using a wet pressing process. This involves sucking an aqueous fibre pulp made from recycled paper or cellulose into a mould and then drying it. Organize fiber connections with easeThe fiber optical splice tray for FHD® (FS High Density) series rack mount enclosure shall house and protect fiber optic splices, guarantee proper fiber cable management and bend radius control, and allow for clear labeling and logical organization of the fiber optic splices. These trays are engineered to. Fiber splice trays for Corning, PLP, AFL, Multilink enclosures. Holds fusion or mechanical splice sleeves. Coyote, Starfighter, Lite-Grip, Type 2S, 2R, 2M, 4A, 4R, 4S, and more.

Article Content

Molded Fiber Packaging | Fiber-reinforced inlays & trays

Fiber-reinforced molded parts decompose completely without releasing any harmful substances. The packaging can be easily disposed of via the paper recycling

COYOTE® Splice Trays

COYOTE splice trays are injection molded and have hinged, clear plastic covers to protect and allow for visible inspection of the fibers. They are available in Legacy

FRP Cable Tray | Cable Tray Support

© 2026 ZITHA TECH SPECIALTY CABLES (Pty) Ltd - All rights reserved

FCT FRP Cable Trays are designed specifically for electrical and instrumentation installations, utilizing corrosion-resistant fiber reinforced plastic. These trays are engineered to achieve weight reduction

Fiber Splice Trays (12, 24, 36, 48, 72) by Corning, PLP, Multilink, AFL

Fiber splice trays for Corning, PLP, AFL, Multilink enclosures. Holds fusion or mechanical splice sleeves. Coyote, Starfighter, Lite-Grip, Type 2S, 2R, 2M, 4A, 4R, 4S, and more.

FST-48S-234 | 48-Fiber High-Density Splice Tray with 4 Splice Modules

The FST-48S-234 is a premium high-capacity fiber management solution designed for large-scale network infrastructure. With its unique quad-module architecture, it maximizes space efficiency while

12.0 Fibre Optic Splice Trays

The Hellamass large is a rectangular double sided tray designed for high fibre count multiple applications which is manufactured from ABS and finished to a high specification to eliminate the risk

SYNO S-Series

It features six modular trays, which can be configured to accommodate various network needs, including splitters and different fiber types. Its gel-sealing technology ensures secure cable protection, making

Fiber Cable Trays

Designed to route and protect fiber optic and high-performance copper cabling to and from network cabinets, distribution frames, and other terminal devices.

12 strand fiber splice tray

Telhua''s 12 strand fiber splice tray: a high-density, rack mount solution for reliable fiber optic splicing. Features tool-less installation, IEC/TIA/EIA compliance, and reduces deployment time. Ideal for data

Fiber Splice Tray, Fiber Optic Tray | Primus Cable

This 12 fusion splice tray is fully compliant with Telecordia GR-769 and fits standardized patch panels and wall mount enclosures. We also offer the Fiber Splice Tray, 24 Single Fusion Splices, Aluminum,

FRP Cable Tray Installation: Specific Guidelines

FRP Cable Tray Sizing: Ensuring Load Capacity Hengshui Hongwo Technology Co., Ltd. manufactures FRP cable trays and specializes in the design and installation

Fiberglass (FRP) Cable Ladder Tray & Cable Tray Systems

An FRP cable tray is a type of cable tray made from a composite material of plastic reinforced with fibers (usually glass fibers). These trays are known for their strength, durability, and

T&B® Cable Tray

T&B nonmetallic cable tray systems are manufactured from glass fiber-reinforced plastic shapes that meet the ASTM E-84 Class 1 flame rating and self-extinguishing requirements of ASTM D-635. A

approved

GRP systems have a large cable capacity, and offer fast and flexible installation solutions, with the ability of on-site assembly and configuration. Marshall-Tufflex can offer a wide range of GRP systems

24 Core Fiber Optic Splice Trays

Wholesale fiber optic splice trays, available in bulk from $0.14 to $2.0 per unit. 24-core capacity with pigtail holder, ideal for FTTH applications. Available in quantities of 10 pieces or more for resale or

Frp Cable Tray

Fiber reinforced plastic (FRP) and glass reinforced plastic (GRP) is the ultimate choice for cable trays. We at FiberTech are masters in manufacturing GRP and

GRP Tanks, GRP Water Storage

GRP or Glass Reinforced Plastic is also commonly known as Fibre Glass. The GRP materials used in the manufacture of our tanks have been rigorously tested and approved for use in contact with

Pre-terminated fiber optic splice tray

Telhua''s rack mount fiber splice tray maximizes density with 144-fiber capacity in 1RU. Factory-pre-terminated for reliability, IEC/TIA compliant, reduces
