ZITHA TECH SPECIALTY CABLES (Pty) Ltd

Lighthouse Cabinet Manufacturer

Overview

Jason and Sarah MacDonald founded the company Lighthouse Cabinetry in 2017, which specializes in residential, bespoke cabinetry. At Lighthouse Cabinetry, we operate out of our warehouse in Peachtree Corners, Georgia, giving contractors across Metro Atlanta and nationwide fast access to in-stock inventory when they need it most. Just reliable cabinets, ready when your project is. Building their first home together led to the birth of the sister company, Light House Co, a curated collection of lighting, furniture, and home decor pieces available. Introducing our exquisitely crafted cabinets – a seamless blend of form and function that redefines elegance in any space. Whether you choose to. Drop us a line!
