ZITHA TECH SPECIALTY CABLES (Pty) Ltd

Lighting Temporary Distribution Box Manufacturer

Overview

LEX Products is a leading manufacturer of power distribution & lighting solutions for numerous industries.

Key Takeaways

Leading manufacturers of temporary lighting and power distribution boxes include Thermon, Wieland Electric, Hubbell Wiring Device-Kellems, and LEX Products.Thermon Temporary Power Solutions

Thermon offers a wide range of portable power boxes, industrial light towers, and adaptable work lights designed for both general and hazardous environments. Their products are engineered for reliability, safety, and efficiency on construction sites, brownfield projects, and industrial applications. Thermon also provides LED explosion-proof lights and hazardous location enclosures, ensuring secure and well-lit workspaces. They support both purchase and rental options, making them flexible for temporary setups .

Wieland Electric

© 2026 ZITHA TECH SPECIALTY CABLES (Pty) Ltd - All rights reserved

Wieland Electric specializes in temporary power distribution boxes with maximum flexibility and mobility. Their WIV distribution boxes feature pluggable connector systems (such as gesis® MINI, gesis® CLASSIC, and RST® CLASSIC) for safe, fast, and error-free commissioning. These boxes are designed for quick assembly and dismantling, high IP protection ratings, and can be customized to meet specific site requirements. They also offer options for recording electrical data and energy monitoring .

Hubbell Wiring Device-Kellems

Hubbell provides spider boxes and other temporary power solutions suitable for construction sites and outdoor events. Their products feature rugged enclosures, multiple outlets, and easy transport, ensuring dependable power distribution in demanding environments. Spider boxes are available in various configurations, including 50A, 60A, and 30A units, with straight blade or locking receptacles, supporting both single-phase and three-phase power .

LEX Products

LEX Products manufactures portable power distribution units for industrial, entertainment, and military applications. Their Load Master™ Series and Outdoor PowerRACK™ panels offer adjustable circuit breakers, compact designs, and UL 1640 certification. These units are engineered for durability, transportability, and flexible power output, making them ideal for dynamic temporary applications such as base camps, welding setups, and portable lighting systems .

Summary

When selecting a temporary distribution box manufacturer, consider factors such as power capacity, portability, safety certifications, environmental suitability, and adaptability. Thermon, Wieland Electric, Hubbell, and LEX Products are all reputable suppliers offering a range of solutions for construction, industrial, and event-based temporary power needs. Each manufacturer provides specialized features to ensure efficient, safe, and reliable power distribution in temporary setups.
