ZITHA TECH SPECIALTY CABLES (Pty) Ltd

MR cable tray length

Overview

The tray length may be cut at any position along the 3 metre axis and can still be connected to any fitting or adjoining length without drilling. All 750 & 900mm Tray Lengths & Fittings are made to order. Covers are available for the complete range, including fittings. Available finishes include: Pre-galvanised to BS EN 10346:2015 (standard references throughout brochure). See Product Catalogue for product. In practice, cable tray dimensions are a system of interrelated measurements —width, depth, length, and material thickness—that directly affect cable fill compliance, heat dissipation, structural loading, and long-term expandability. From an engineering standpoint, cable tray dimensions are not. MRFL150PG EAN. The mechanical and electrical characteristics, tests, certifications, overall quality management, recommendations mentioned in this technical guide only apply to our own cable management ranges and cannot under any circumstances be transpos regulations which. standard across the range of cable trays. Based on a repeating pattern of 12mm by 8mm width wise slots and 2 be supported over short to medium spans. Free Next Day Delivery available.
