ZITHA TECH SPECIALTY CABLES (Pty) Ltd

Manufacturer of custom-made electrical distribution box enclosures in Southern Europe

Overview

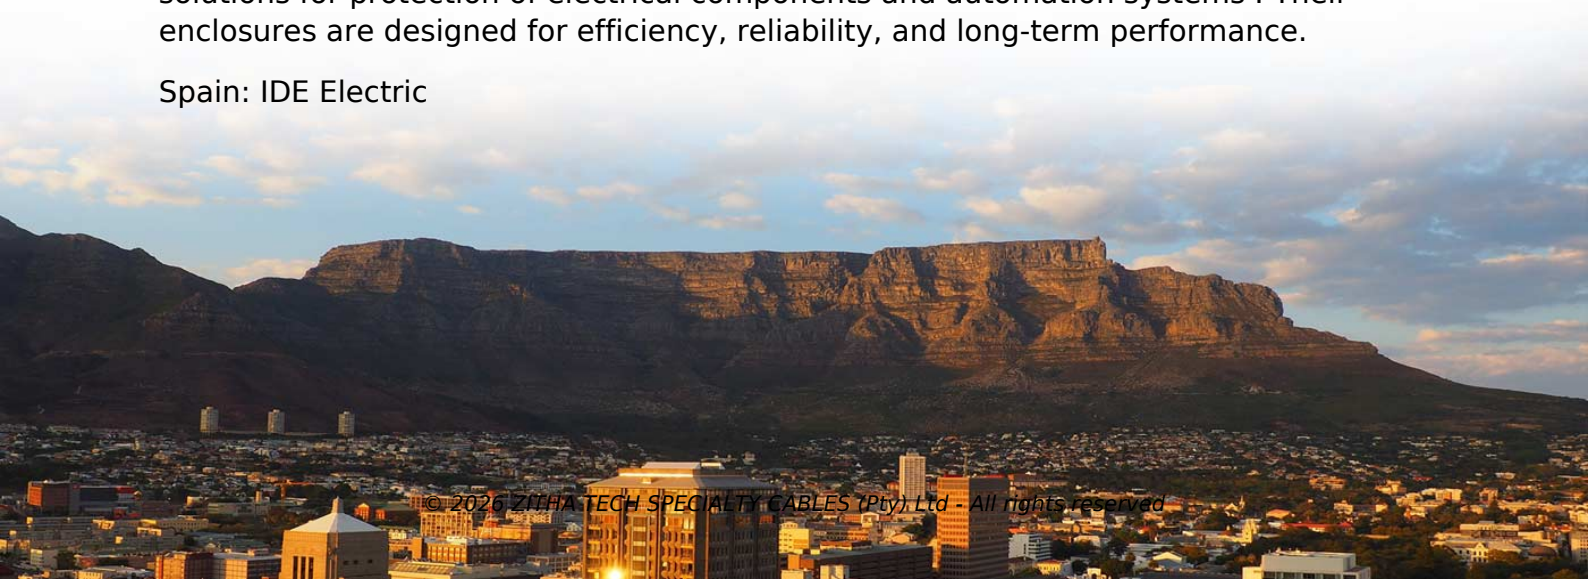

Electrical Enclosure Manufacturer | E.T.A. S.p.A.We offer a comprehensive selection of enclosures, cabinets, and boxes, available in various sizes, Stainle.

Key Takeaways

Leading manufacturers in Southern Europe include ETA S.p.A. (Italy), IDE Electric (Spain), and CENCO (France), all offering custom-designed electrical enclosures for industrial and commercial applications.Italy: ETA S.p.A.

ETA S.p.A., based in Italy, specializes in custom and standard electrical enclosures, including wall-mounted and freestanding cabinets, modular units, and industrial consoles. They provide fully welded, durable solutions tailored to complex applications, with a strong focus on innovation, R&D, and sustainability. ETA has over 45 years of experience and serves international markets, offering customized solutions for protection of electrical components and automation systems . Their enclosures are designed for efficiency, reliability, and long-term performance.

Spain: IDE Electric

© 2026 ZITHA TECH SPECIALTY CABLES (Pty) Ltd - All rights reserved

IDE Electric, located in Spain, manufactures metal and combination electrical cabinets for industrial automation and machine control. Their products are made from high-quality cold-rolled steel and certified for domestic and international markets. IDE Electric offers customized solutions with flexible production, allowing for rapid delivery and integration into EPLAN projects. They provide a wide range of accessories, protection ratings (IP44–IP67), and can assemble and wire bases according to local regulations .

France: CENCO

CENCO, based in Vonnas, France, is a specialist in custom-built wired enclosures with over 50 years of experience. They provide standard and fully customized solutions, assembled and tested in France, incorporating protective equipment from recognized German brands. CENCO serves diverse sectors including industry, construction, tertiary services, public authorities, and events. Their enclosures are designed for robustness, versatility, and long-term project support, with a national sales network ensuring responsiveness and technical support .

Additional Options

Other European manufacturers include:

• Gridhaus Systems / Radiolex (Europe): Offers custom-built enclosures in stainless or mild steel with IP55–IP66 ratings, suitable for indoor/outdoor use and hazardous environments .

• Groupe Cahors (France): Specializes in glass-reinforced polyester (GRP) enclosures, weatherproof and highly resistant to UV, humidity, and mechanical shocks, ideal for outdoor electrical networks and smart grids .

Summary

For custom electrical distribution box enclosures in Southern Europe, ETA S.p.A., IDE Electric, and CENCO are top choices for metal enclosures with tailored designs, while Groupe Cahors provides durable polyester options. These manufacturers offer customization, compliance with international standards, and support for industrial and utility applications, making them suitable for a wide range of projects.
