ZITHA TECH SPECIALTY CABLES (Pty) Ltd

New Integrated Power Cabinet

Overview

Imax Power's smart low-voltage hybrid cabinet leverages “functional integration, professional protection, and adaptive flexibility” to deliver end-to-end solutions for PV, wind, and other new energy systems, redefining value standards for low-voltage grid-tied equipment. When you choose Square D™ Integrated Power and Control Solutions (IPaCS), you can optimize your on-site time and deploy faster. Combine electrical distribution equipment and building management controls into a single, factory-assembled and prewired integrated system. Achieving safe grid integration, efficient management. ABB's Control Room offering includes a comprehensive range of solutions designed to optimize the operator workspace for critical 24/7 processes across various industries. The control room is considered one of the most critical areas in any facility, impacting daily decision-making and overall. Pacific Power Source's Integrated Cabinet System transforms our AC Power Sources, Grid Simulators, and Loads into a complete turnkey system. Applies to AGX, RGS, RLS, AFX, ADF Series. Designed, assembled, and tested for performance, safety, and scalability. Uses 30% less energy than older systems, saving money and extending equipment life. Tracks and adjusts power use in real time for better efficiency.
