ZITHA TECH SPECIALTY CABLES (Pty) Ltd

Norwegian Smart Power Distribution Cabinet Manufacturer

Overview

Distribution Cabinets | Elcor – engineered for safety, reliability & scaleLocal engineering and manufacturing Norwegian production ensures quality, reliabi.

Key Takeaways

Key Norwegian manufacturers of smart power distribution cabinets include Nordcab, Elcor, ComPower AS, and EL-tjeneste AS, offering solutions for industrial, energy, and smart grid applications.Nordcab

Nordcab specializes in intelligent electrical cabinet systems designed for industrial infrastructure, automation, and energy management. Their cabinets feature modular design, integrated sensors, and connectivity options for real-time monitoring, predictive maintenance, and seamless integration into smart factories and energy grids. Nordcab emphasizes digital readiness, scalability, and robust engineering, supporting clients from concept to installation with technical expertise and project management .

Elcor

© 2026 ZITHA TECH SPECIALTY CABLES (Pty) Ltd - All rights reserved

Elcor provides distribution cabinets and switchboards for complex industrial environments, including offshore platforms, marine vessels, wind and hydropower, aquaculture, and infrastructure projects. Their products include high-capacity switchboards up to 6300 A, modular motor control centers (MCCs), uninterruptible power supply solutions, and redundancy systems. Elcor cabinets are designed for safety, reliability, and compliance with regulations, with full lifecycle support from design to retrofits. They operate across Norway, Denmark, Sweden, Poland, and Lithuania .

ComPower AS

ComPower AS offers customized distribution boards tailored to client specifications, including system voltages, shutdown, and monitoring solutions. Their focus is on flexible, client-specific configurations for industrial power distribution .

EL-tjeneste AS

EL-tjeneste AS manufactures UNI Smartgrid Cabinets for outdoor energy management systems. These cabinets can be equipped with smart meters, sensors, and wireless two-way communication for real-time grid monitoring. They are made from seawater-resistant aluminum and weather-resistant plastics, with features like ventilation, heaters, insulated roofs, and vandal-proof antennas. Cabinets can be mounted on poles, walls, or inside substations, and are designed for durability in corrosive environments .

International Supplier Serving Norway

Zhejiang Liufang Cabinet Rack Co., Ltd. supplies high- and low-voltage switchgear cabinets, waterproof aluminum and plastic boxes to the Norwegian market. Their products comply with IEC 61439, IEC 62271, and NEK standards, and they provide Nordic technical support and logistics to Oslo, Bergen, and Stavanger. Liufang offers a full range of cabinets including high-voltage frames (KYN61-40.5, KYN28A-12), low-voltage frames (GCK, GCS, MNS, GGD), and control boxes, ensuring compliance with Norwegian electrical regulations .

Summary

Norwegian manufacturers like Nordcab, Elcor, ComPower AS, and EL-tjeneste AS provide a wide range of smart, modular, and durable power distribution cabinets for industrial, energy, and smart grid applications. For specialized or high-volume needs, international suppliers such as Liufang Electric also serve the Norwegian market with IEC- and NEK-compliant solutions. These manufacturers focus on safety, connectivity, digital integration, and environmental durability, making them suitable for both indoor and outdoor installations.

Distribution Cabinets | Elcor – engineered for safety, reliability & scale

Local engineering and manufacturing Norwegian production ensures quality, reliability, and fast delivery.

About us – nordcab

We design intelligent electrical cabinet systems that are not only robust and scalable, but also digitally ready. Through innovation,

Norway Smart Distribution Cabinet Production

STRIEBEL & JOHN produced over one million ComfortLine cabinets in Sasbach, using ABB technologies and automated production

Customized Power Distribution Box Supplier & Suppliers in Norway

Founded in 2011, **Hangzhou SN Electrical Co., Ltd.** is a premier global manufacturer of low-voltage electrical distribution systems,

Norway Smart Power Distribution Cabinet

Based on customers requirements, they can be equipped with metering systems (smart meters) and/or Elecnova: Electrical Power

Distribution cabinet

We customize all distribution boards according to client specifications. We can deliver the following: System voltages: Shutdown and

Custom Cabinet Electrical Box Supplier & Manufacturers

Our XGN15-12 SF6 ring main switchgear cabinets and GGD low-voltage distribution panels are used in hydropower station

Low & High Voltage Power Distribution Cabinet, Integrated Distribution ...

Manufacturer of intelligent switch cabinet--low-voltage, high voltage power distribution switch cabinet, also have many other electric

Nordicab cable distribution cabinets

Nordicab cable distribution cabinets Made to make life easier, built to last a lifetime Based on our proven
