Portable Spectrometer in Southern Europe

Overview

The growing adoption of portable spectrometers in the agricultural sector is a key trend in Europe, as these devices enable farmers and agronomists to perform on-site analysis of soil, crops,...

Key Takeaways

the market for portable spectrometers in europe is expected to witness significant growth in the coming years. this is due to the increasing demand for fast and accurate analysis of materials in various industries such as pharmaceuticals, biotechnology, and environmental. 724 Billion by 2035, exhibiting a compound annual growth rate (CAGR) of 8. 95%. Magritek is the global leader in manufacturing cryogen-free benchtop NMR spectrometers for the analytical instrument market. SPECTRAL EVOLUTION offers a range of truly portable, lightweight and rugged spectrometers. For detailed technical info on these great hand-held instruments, please visit the. Size, Share, Competitive Landscape and Trend Analysis Report, by Product Type (Optical Spectrometer, Mass Spectrometer and Others), Distribution Channel (Online, and Offline), and Application (Life Sciences, Chemistry, Food & Agriculture, and Others) The global portable spectrometer market size was.

Article Content

Europe Portable Spectrometers Market Size, Regional Trends

The growing adoption of portable spectrometers in the agricultural sector is a key trend in Europe, as these devices enable farmers and agronomists to perform on-site analysis of soil, crops,...

Portable Spectrometer Market

Europe is a significant player in the portable spectrometer market, accounting for approximately 30% of the global share. The region''s growth is

Europe Portable Spectrometers Market Size, Regional Trends

Europe Portable Spectrometers Market Analysis The European portable spectrometers market has experienced significant growth in recent years, driven by advancements in technology, increasing

Europe Portable Spectrometers Market Size 2026

Europe Portable Spectrometers Market size was valued at USD 0.25 Billion in 2022 and is projected to reach USD 0.

Portable and Wearable Spectrometers in Our Future

As spectrometers progress from bulky lab instruments to compact, portable, and even wearable devices, the future of spectroscopy is transforming

Portable Spectrometers – geosense

GEOSENSE is distributor for SPECTRAL EVOLUTION portable infrared spectrometers for Europe, Africa, Middle-East and Asia. SPECTRAL

Buyer''s Guide: Portable Spectrometers | Labcompare

Buyer''s Guide: Portable Spectrometers Portable and handheld spectrometers bring detection and identification capabilities off of the bench and

AURA® handheld NIR | Versatile & portable

AURA® handheld NIR is a portable spectrometer system, which enables measurements to be taken directly on site, suitable for a variety of

Spectrometers Market Expansion and Diversification in Europe ...

In addition to industry-driven demand, technological advancements and innovations are also fueling the expansion of the spectrometer market in Europe. The advent of portable and

© 2026 ZITHA TECH SPECIALTY CABLES (Pty) Ltd - All rights reserved

Europe Portable Spectrometer Market New Trends of Size, Share ...

Europe Portable Spectrometer Market was valued at approximately USD 350 million in 2024 and is projected to reach USD 600 million by 2032, expanding at a robust CAGR of 7.0% from

Global Portable Spectrometer Market Size, Share | Forecast 2030

Global Portable Spectrometer Market size is to grow from USD 2.05 Billion in 2022 to USD 4.72 Billion by 2032, at a CAGR of 8.7% during the forecast period.

Portable spectrometer

Portable spectrometers | Choosing the Right Spectrometer There are two main categories of spectrometry: radiation spectrometry and mass spectrometry. Radiation spectrometry (UV-Vis, IR, X

Portable Spectrometer Market Size, Share, Growth | 2030

Portable spectrometer market size was valued at $1,675.7 mn in 2020, is projected to hit $4,065.7 mn by 2030, registering a CAGR of 9.1% from 2021 to 2030.

Value Market Research: Market Research Reports, Industry Insights

The Portable Spectrometer Market size is projected to grow from USD 2.85 Billion in 2025 to USD 6.56 Billion by 2034, at a CAGR of 9.69% during the forecast period 2026-2034.

Europe Portable Spectrometers Market Size, Regional Trends

Europe Portable Spectrometers Market Analysis The European portable spectrometers market has experienced significant growth in recent years, driven by advancements in technology, increasing

Europe Portable Spectrometers Market Size 2026

Europe Portable Spectrometers Market size was valued at USD 0.25 Billion in 2022 and is projected to reach USD 0.

Portable and Wearable Spectrometers in Our Future

As spectrometers progress from bulky lab instruments to compact, portable, and even wearable devices, the future of spectroscopy is transforming

Portable Spectrometers – geosense

GEOSENSE is distributor for SPECTRAL EVOLUTION portable infrared spectrometers for Europe, Africa, Middle-East and Asia. SPECTRAL

Buyer''s Guide: Portable Spectrometers | Labcompare

Buyer''s Guide: Portable Spectrometers Portable and handheld spectrometers bring detection and identification capabilities off of the bench and

AURA® handheld NIR | Versatile & portable spectrometer

AURA® handheld NIR is a portable spectrometer system, which enables measurements to be taken directly on site, suitable for a variety of

Europe Portable Spectrometers Market Size, Regional Trends

The growing adoption of portable spectrometers in the agricultural sector is a key trend in Europe, as these devices enable farmers and agronomists to perform on-site analysis of soil, crops,...

Portable Spectrometer Market

Europe is a significant player in the portable spectrometer market, accounting for approximately 30% of the global share. The region''s growth is

Mobile Spectrometers | Spectroscopy Europe/World

B&W Tek is an advanced instrumentation company producing mobile spectroscopy solutions including a full line of portable Raman and handheld Raman systems, building

Europe Portable Spectrometer Market, By Country, 2018-2025, USD

Stay ahead in Europe s spectrometer market with our comprehensive country wise analysis from 2018 2025 Utilize our insightful charts and stats for successful decision making

Portable Spectrometers – geosense

GEOSENSE is distributor for SPECTRAL EVOLUTION portable infrared spectrometers for Europe, Africa, Middle-East and Asia. SPECTRAL

Europe Portable Spectrometers Market (2025

Europe Portable Spectrometers Industry Life Cycle Historical Data and Forecast of Europe Portable Spectrometers Market Revenues & Volume By Type for the Period 2021 - 2031

Portable Spectrometer Market Size, Share, Growth | 2030

The key players within emerging portable spectrometer market are profiled in this report and their strategies are analyzed thoroughly, which help understand the

Portable Spectrometer Market : Industry Analysis and

© 2026 ZITHA TECH SPECIALTY CABLES (Pty) Ltd - All rights reserved

Portable spectrometer is a handheld scientific device which is used to measure and separate spectral components of a physical phenomenon. It is a

Portable Spectrometer Market Size, Share & Growth Report 2033

In February 2025, Thermo Fisher Scientific launched a battery-optimized portable Raman spectrometer with extended 12-hour run time, improving in-field accuracy and boosting

Global Mobile and Portable Spectrometers Supply, Demand and Key ...

Global key players of mobile and portable spectrometers include Shimadzu, Thermo Fisher and Elementar, etc. The top three players hold a share over 60%. The global mobile and portable

Europe Portable Spectrometers Market Size, Regional Trends

The growing adoption of portable spectrometers in the agricultural sector is a key trend in Europe, as these devices enable farmers and agronomists to perform on-site analysis of soil, crops,...

Portable Spectrometer Market

Europe is a significant player in the portable spectrometer market, accounting for approximately 30% of the global share. The region''s growth is
