# Price Composition of Optical Cable

## Overview

Several factors influence how much you'll pay for fiber optic cables: Fiber Type and Count: Single-mode fiber typically costs $0. Fiber optic cables are essential components in today's broadband, FTTx, and data center networks. Higher strand counts increase costs proportionally—a 12-strand fiber. This executive briefing on trade (EBOT) will examine the relationship between fiber optic cable input costs, specifically silica tetrachloride, helium, and energy, and the demand forces that have increased the price of fiber optic cable. The price fluctuation of these raw materials. CRU provides comprehensive, accurate and up-to-date price assessments and research reports for bare optical fibre across various key regional markets, combined with insights into the factors and events affecting markets.
