ZITHA TECH SPECIALTY CABLES (Pty) Ltd

Price of Indoor Optical Cable Laying

Overview

Fiber optic cable installation costs average $4,500 for most homeowners, with most installations ranging from $1,500 to $7,000. Home and business fiber optics projects typically range from a few hundred to several thousand dollars, depending on run length, fiber type, and labor needs. The main cost drivers are materials, installation time, and environmental factors that affect trenching, conduit, and terminations. In preparing this second edition of the Fiber Deployment Cost report, Cartesian gathered inputs from a wide variety of firms building. Owners and buyers often pay for fiber optic cable by the meter, plus labor, connectors, and installation. 20 AUD per metre, depending on the jacket material, core count, and whether the cable is indoor-rated, outdoor-rated, or suitable for both. While OM3 was once a common choice for 10Gbps backbones, it's becoming.
