ZITHA TECH SPECIALTY CABLES (Pty) Ltd

Ranking of Optical Splitter Commissioning Equipment Manufacturers

Overview

Top 100 Optical Splitter Manufacturers in 2026 | ensunDiscover all relevant Optical Splitter Manufacturers worldwide, including PPC Broadband and T&S Commu.

Key Takeaways

Top optical splitter manufacturers in 2026 include Gilson Company, Corning Incorporated, and Electronic Grup, S.L., with China dominating global production.Leading Manufacturers
• Gilson Company, Inc. – Ranked as the top manufacturer, Gilson specializes in high-quality optical splitters and related fiber optic components, serving global telecommunications and data center markets .

• Corning Incorporated – A major player in fiber optic technology, Corning provides a wide range of optical splitters, including PLC and FBT types, with strong reliability and performance in PON and FTTX networks .

• Electronic Grup, S.L. – Known for precision optical components, this company offers splitters suitable for telecom, CATV, and data center applications .

• NTT Electronics – A key manufacturer in Japan, producing high-performance optical splitters with a focus on low insertion loss and uniformity .

• Senko – Provides a broad portfolio of optical splitters and passive components, widely used in North America and Asia .

© 2026 ZITHA TECH SPECIALTY CABLES (Pty) Ltd - All rights reserved

• Wooriro – Specializes in PLC splitters for FTTX and PON networks, emphasizing compact design and high reliability .

• Broadex – Offers 1xN and 2xN PLC splitters for telecom and CATV applications, with strong market presence in China .

• Tianyisc – Focuses on high-quality optical splitters for 4G/5G networks and data centers, contributing to China's 50% share of global production .

• Browave Corporation – Known for advanced PLC splitters using fused biconical taper technology, suitable for FTTX deployments and PON networks .

• Fibre2EU – Offers customizable fiber-optic splitters for various applications, including FTTH and passive optical networks .
Market Insights
• Global Market Size: Estimated at $698.9 million in 2023, projected to reach $1029.8 million by 2030, with a CAGR of 5.3–5.5% .

• Regional Dominance: China leads production with ~50% market share, followed by North America and Japan .

• Applications: Optical splitters are widely used in FTTX, PON, CATV, SAT-IF fiber links, and data centers .

• Technology Trends: PLC splitters dominate due to small size, wide wavelength range, and uniformity, while FBT splitters remain relevant for specific telecom applications . This ranking provides a clear overview of top manufacturers and their market positioning, helping stakeholders select reliable suppliers for optical splitter commissioning and deployment.
