ZITHA TECH SPECIALTY CABLES (Pty) Ltd

Recommended vendors for Middle Eastern electrical distribution boxes

Overview

Electromech Projects is a trusted supplier of industrial electrical products and solutions in the Middle East.

Key Takeaways

Top suppliers for Middle Eastern distribution boxes include Coloria, Vililong, Al Safeenah, and global players like Eaton, ABB, GE Vernova, Mitsubishi Electric, alfanar, and Siemens.Regional Specialist: Coloria

Coloria is a Saudi Arabia-based supplier offering a wide range of distribution boxes designed for Middle Eastern conditions, including extreme heat and compliance with local SASO standards. They provide fast delivery, sustainable solutions, and products suitable for residential, commercial, and industrial projects, making them a trusted partner for large-scale construction initiatives .

Durable and Customizable Enclosures: Vililong

Vililong manufactures wall-mounted and modular electrical enclosures engineered for harsh Middle Eastern environments. Their products offer IP65-rated protection, corrosion resistance, and options for custom sizes, ventilation, and air conditioning. They are a cost-effective alternative to Rittal PS4000 or TS8 cabinets, suitable for industrial control systems, oil refineries, and factory automation .

UAE-Based Manufacturer: Al Safeenah

© 2026 ZITHA TECH SPECIALTY CABLES (Pty) Ltd - All rights reserved

Al Safeenah produces high-quality distribution boxes using carbon steel, stainless steel, or thermoplastic. Their enclosures are weatherproof (IP65/IP66), modular for DIN-rail mounting, corrosion-resistant, and compliant with IEC 61439-1, UL 67, and CE standards. They cater to construction sites, industrial plants, telecommunications, commercial buildings, and renewable energy projects, offering customization for material, circuit capacity, and accessories .

Global Market Leaders

Major international companies with a strong presence in the Middle East include Eaton, ABB, GE Vernova, Mitsubishi Electric, alfanar, and Siemens. These companies provide advanced technologies, reliable distribution solutions, and strategic support for grid modernization and renewable energy integration, making them suitable for large-scale or high-tech projects .

Choosing the Right Supplier

When selecting a company, consider:

• Compliance with local standards (SASO, IEC, UL)

• Durability in extreme temperatures and harsh environments

• Customization options for size, material, and internal components

• Delivery speed and regional support

• Experience with industrial, commercial, or renewable energy applications For Middle Eastern projects, Coloria, Vililong, and Al Safeenah are excellent regional options, while Eaton, ABB, and Siemens are ideal for projects requiring global expertise and advanced technology.
