Atkore International – A global manufacturer offering a wide range of cable tray systems, including fire-rated options suitable for construction and renovation projects. They provide durable, customizable solutions for industrial and commercial applications, ensuring compliance with safety standards and long-term reliability . Legrand – Based in the USA, Legrand specializes in heavy-duty cable trays and fire-resistant systems. Their products are widely used in electrical and digital building infrastructures, offering quality assurance and fast worldwide shipping . NewReach – Focused on fire-rated cable trays, NewReach designs trays that maintain structural integrity during fires, preventing flame spread and supporting critical systems like emergency lighting and fire alarms. They offer materials such as powder-coated aluminum, galvanized steel, and fiberglass with intumescent coatings . JP Shine Electrical & Controls Pvt Ltd – Known for high-quality, durable cable trays, JP Shine provides perforated, ladder, and wire mesh trays with fire-resistant options. They cater to power plants, IT/data centers, and industrial facilities, emphasizing safety, innovation, and compliance with international standards . HERMI Solutions – Offers fire-resistant cable trays for constructing safe cable paths with surface cable laying. They provide expert guidance to select the most suitable fireproof solutions for specific project requirements .

Considerations When Choosing a Vendor
• Material and Coating: Stainless steel, galvanized steel, aluminum, and fiberglass with fire-resistant coatings enhance fire protection.

• Compliance: Ensure trays meet local fire safety codes and standards.

• Customization: Vendors like Atkore and JP Shine offer tailored solutions for specific project needs.

• Support and Warranty: Reliable vendors provide technical support, installation guidance, and extended warranties. These vendors are recognized for their quality, reliability, and fire safety performance, making them suitable choices for industrial, commercial, and critical infrastructure projects.
