ZITHA TECH SPECIALTY CABLES (Pty) Ltd

Sc Plug-in Passive Optical Receiver

Overview

High-performance 1550nm passive optical receiver designed for CATV and FTTH applications. □Use□Passive FTTH SC fiber optic mini-receiver, Suitable for cable digital/analog TV fiber to the home, is a terminal home small fiber converter catering to fiber access, to. SC/APC to RF CATV converter for digital television and fiber to the home applications. Are you a manufacturer?

Yes, we are a manufacturer. FWR-1000W is designed as a novel equipment for special requirements of the CATV industry. It is catering to the object of passive terminal receiving equipment for FTTH 1310/1490/1550nm signals, realizing 1550nm receiving and PON signals transferring, which FTTH projects combining CATV and PON. Buy Passive optical receiver 5pcs SC APC 1550nm Inch/Metric standard RF Plug CATV,Mini Passive FTTH opti receiver British System fre at Aliexpress for. Find more 509, 50920 and 100001204 products. Enjoy ✓Free Shipping Worldwide! ✓Limited Time Sale ✓Easy Return. □Application□FTTH passive mini node with SC. This plug-in attenuator with 2. 0 dB attenuation, SC APC Singlemode, features a latched push-pull type, flat spectral response, and maximum stability for optical passive networks.

Article Content

Passive Optical Receiver 5pcs SC APC 1550nm Inch/Metric ...

High-performance 1550nm passive optical receiver designed for CATV and FTTH applications. Includes 5 units, perfect for bulk installations or replacements in optical networks. Compatible with SC Angled

SC APC SM Mini FTTH Passive Optical Node with No Power

SC/APC to RF CATV converter for digital television and fiber to the home applications. This passive optical receiver utilizes high-sensitivity optical receiving technology without requiring external power

Passive Optical TV Mini Node with Wdm Sc/Upc Port

It is catering to the object of passive terminal receiving equipment for FTTH 1310/1490/1550nm signals, realizing 1550nm receiving and PON signals transferring, which FTTH projects combining CATV and

Passive optical receiver 5pcs SC APC 1550nm Inch/Metric

Buy Passive optical receiver 5pcs SC APC 1550nm Inch/Metric standard RF Plug CATV,Mini Passive FTTH opti receiver British System fre at Aliexpress for . Find more 509, 50920 and 100001204

QIANRENON CATV Passive SC Fiber Receivers Module 1550nm

With filtering function, more stable television signal, high definition without packet loss, suitable for home type optical receivers, buildings, optical receivers for buildings and internal type optical receivers for

Plug type attenuator SC APC Singlemode

This plug-in attenuator with 2.0 dB attenuation, SC APC Singlemode, features a latched push-pull type, flat spectral response, and maximum stability for optical passive networks.

SC/APC Male-to-Female Fixed Plug-in Fiber Optic Attenuator

This is a passive optical component designed to reduce the optical power level in fiber optic networks. It features a male-to-female (plug-in) SC connector design, allowing for direct insertion into existing SC

FTTH Mini Fiber Optical Passive Node Optical Receiver 40-1000MHz

SR100 series CATV converter for digital television, fiber to the home. This machine adopts the high sensitivity optical receiving tube, without power supply, no power consumption.

CATV Mini Passive Small Node SC APC Interface Optical Receiver

CATV Mini Passive Small Node SC APC Interface Female or Male Optical Receiver offers high performance with a 2-year warranty. Ideal for FTTH networks.| Alibaba

QIANRENON Cable TV Passive Fiber Mini Receiver Module

□Plug and Play□CATV SC fiber optic receiver adapter, plug and play, no external power supply required. No power consumption, stable and reliable digital cable TV fiber optic device.
