ZITHA TECH SPECIALTY CABLES (Pty) Ltd

Single-mode fiber 4b1

Overview

Featuring light armor protection and 4 single-mode fibers, this cable ensures excellent durability and signal integrity for long-distance outdoor communication networks. Available with a minimum order of 100 meters and sold per meter, it offers flexible purchasing for diverse. FIBERHOME Outdoor Overhead Pipeline Engineering Light Armor Single Mode Fiber Optic Cable GYTS-4B1 is a reliable, high-performance optical cable designed for overhead and pipeline installations. A PSP layer is wrapped longitudinally around the tube, while water-blocking materials fill the gaps to ensure compact structure and reliable water. Supplier highlights: This supplier is both a manufacturer and trader, offers full customization services, mainly exports to South Africa, Mexico, and Ecuador, and achieves a 95. 4 core single mode fiber optic cable GYXTW-4B1 Outdoor single mode 4 6 8 12 core optic. The structure of optical cables is to insert single-mode optical fibers into loose sleeves made of high modulus plastic filled with waterproof compounds, which are reinforced with metal components, loose sleeves, steel polyethylene adhesive sheaths, longitudinally wrapped with wrinkled stainless. Load:150N;number of cycles:30 No obvious addition attenuation, no fiber break and no cable damage. Impact energy:450g×1m; radius of hammer head:12. Featuring robust aluminum tape armor and a stranded design, this cable offers superior protection against mechanical damage, making.
