ZITHA TECH SPECIALTY CABLES (Pty) Ltd

Source of Ladder-type Cable Trays

Overview

Choose from our selection of ladder cable trays, including cable and hose trays, heavy duty open cable and hose carriers, and more.

Key Takeaways

Ladder-type cable trays are widely available from industrial suppliers, specialized manufacturers, and global B2B marketplaces, offering a range of materials, sizes, and compliance with international standards.Industrial Suppliers

Grainger provides ladder-type cable trays suitable for overhead or underfloor installations, with aluminum construction for lightweight and corrosion resistance. Their trays include straight sections, elbows, and tees for flexible routing, allowing easy cable entry and promoting airflow to prevent overheating, making them ideal for large-scale facility installations .

Specialized Manufacturers

Specialized/Sigma Factory for Steel Products (SFSP), based in Saudi Arabia with facilities in UAE, Egypt, and Lebanon, manufactures ladder-type cable trays in steel with hot-dip galvanization for durability and corrosion resistance. SFSP products comply with ISO 9001:2015, ISO 14001:2015, and OHSAS 18001:2007 standards, and they offer custom side heights and basket tray systems for efficient cable management . Atkore International is another leading manufacturer providing standard and custom roll-formed cable trays, including galvanized, stainless steel, and fiberglass options, suitable for industrial, commercial, and renewable energy applications .

B2B Marketplaces

Global B2B platforms like Tradewheel.com connect buyers with manufacturers worldwide, offering customizable ladder-type cable trays with fast delivery and competitive pricing. These marketplaces are particularly useful for sourcing large quantities or specialized configurations for industrial and infrastructure projects .

Market Trends and Applications

Ladder-type cable trays are in high demand for heavy-duty applications in oil, gas, renewable energy, data centers, and industrial facilities due to their load-bearing capacity, ventilation, and ease of maintenance. They are available in steel, aluminum, and fiber-reinforced plastic, and are used across power distribution, IT, manufacturing, and construction projects .

Summary

For sourcing ladder-type cable trays, consider:

• Industrial suppliers like Grainger for ready-to-install systems.

• Specialized manufacturers like SFSP and Atkore for custom, high-quality steel or aluminum trays.

• Global B2B marketplaces for flexible sourcing and competitive pricing. These sources provide compliance with international standards, customization options, and support for large-scale or specialized installations.
