Specifications for plastic distribution boxes in Papua New Guinea

Overview

Papua New Guinea Primary Distribution Box Specification TableThis document provides specifications for various types of plastic distribution boxes, includi.

Key Takeaways

Plastic distribution boxes in Papua New Guinea are available in multiple types and sizes, ranging from 1-way to 36-ways, with detailed dimensions and mounting options specified for residential, commercial, and industrial applications.Types and Models

Common plastic distribution boxes used in PNG include the TOP-TS, TOP-TF, TOP-LS, TOP-PS, TOP-PF, and TOP-S series. These boxes are designed for various applications, including single-phase power for civilian use, industrial and mining enterprises, schools, government buildings, and civil infrastructure projects .

Key Specifications
• Number of Ways: Distribution boxes range from 1-way to 36-ways, allowing flexibility for different electrical loads and circuit requirements .

• Dimensions: Each model has specific length, width, and height dimensions to accommodate wiring, breakers, and other components. Exact measurements are provided in the PNG specification tables .

• Material: Boxes are made from durable plastic, suitable for indoor and outdoor use, resistant to corrosion, and compliant with local electrical safety standards .

• Mounting Options: Boxes support wall-mounted or pole-mounted installations, with pre-drilled holes and mounting brackets for secure attachment .

• Environmental Ratings: Many boxes are designed to meet IP protection standards (e.g., IP65) for dust and water resistance, and some models are explosion-proof or corrosion-resistant for hazardous zones .

• Customization: Certain suppliers offer bespoke configurations, including terminal box combinations, adjustable internal layouts, and optional covers for enhanced safety .

Applications

• Residential: Single-phase distribution for homes and small buildings.

• Commercial: Multi-way boxes for offices, schools, and government facilities.

• Industrial/Mining: Heavy-duty boxes with explosion-proof or corrosion-resistant features for hazardous environments .

Suppliers in Papua New Guinea

• Dongfeng Distribution Boxes: Offers a wide range of standard and custom plastic distribution boxes with free delivery across PNG .

• KK Kingston Ltd.: Provides electrical enclosures and custom terminal boxes, compliant with IEC62208 and AS60529 standards . These specifications ensure that plastic distribution boxes in PNG meet both functional and safety requirements, supporting reliable power distribution across residential, commercial, and industrial sectors.
