**ZITHA TECH SPECIALTY CABLES (Pty) Ltd**

# Syria High and Low Voltage Complete Sets of Equipment

## Overview

The cabinet structure is made of aluminum-zinc plated steel sheets, processed by CNC machine with multiple bending processes, and then bolted together.

## Key Takeaways

This solution covers a complete set of power equipment from low-voltage distribution cabinets, high-voltage switchgear to transformers, automation control systems, etc., aiming to provide comprehensive and customized power solutions for various users. From transformers, Medium Voltage, Low Voltage systems to the socket: HOVAG offers “single- sourced” holistic effective solutions for power distribution and automation for all industrial and building applications. Dedicated for supplying the market with artistic collection of luminaries and. This composite material consists of two parts: a matrix - polyester resin; and a reinforcing material (referred to as PC, SMC), therefore it is also called transparent PC material, fiber-reinforced polyester material. Residential lighting box: The panel is made of fire-retardant ABS material, pure. GGD is a Fixed Complete-set Switchgear Equipment with simply and flexibly. It passed the appraisal of the two ministries in 1996. focuses on the production of power transformers, wind power substations, solar photovoltaic substations, high and low voltage complete sets of equipment, outdoor pole circuit breakers, outdoor pole circuit breakers, etc.
