Key Takeaways

Leading Ugandan manufacturers of power distribution boxes include Omega General Electricals, Shayona Electricals, Arc Control Ltd, ECS, and Elektrex.Key Manufacturers and Brands

© 2026 ZITHA TECH SPECIALTY CABLES (Pty) Ltd - All rights reserved

Omega General Electricals is a prominent Ugandan manufacturer specializing in switchboards and panel boards. Their products are UL listed and comply with East African standards, including UL 891, UL 1558, NEMA 3R/4X, and IEEE 1584. They offer both standard and custom-designed power distribution systems, with in-house fabrication and engineering support for complex projects . Shayona Electricals Ltd. manufactures electrical power switchboards, control panels, feeder pillars, and power factor correction banks. Their products meet international standards and serve industrial, commercial, and domestic applications. Shayona emphasizes quality manufacturing and integrated electrical solutions, including cable management and control gears . Arc Control Ltd is an ISO 9001:2015 certified company based in Kampala. They design and manufacture electrical switchboards, servo voltage stabilizers, bus ducts, and MV/HV switchgear. Arc Control provides complete power distribution solutions with a focus on reliability, safety, and compliance with global quality standards . ECS (Electrical Control Systems) has been operating since 1983 and produces low-voltage distribution panels, main switchboards, and power distribution systems. ECS panels are made from 2.0–2.5mm sheet steel, IP65 rated, and designed to meet ISO 9001:2015 standards. Their products are widely used in manufacturing and commercial installations across Uganda . Elektrex is a leading electrical supplier and contractor in Kampala, offering a range of power distribution products and installation services. They source high-quality electrical components globally and provide solutions for residential, commercial, and industrial clients, including custom orders for distribution panels .

Summary

These manufacturers provide a variety of power distribution boxes, switchboards, and control panels suitable for industrial, commercial, and residential applications. Most companies offer custom design, compliance with international standards, and in-house engineering support, making them reliable partners for electrical projects in Uganda and the East African region.
