ZITHA TECH SPECIALTY CABLES (Pty) Ltd

West Africa Explosion-proof Distribution Box Manufacturer

Overview

West Africa Anti-corrosion and Explosion-proof Distribution Box Explosion-Proof Distribution Boxes & Panels Manufacturer Investing in a high-quality explos.

Key Takeaways

Reliable suppliers of explosion-proof distribution boxes for West Africa include EXB Electric, Warom, Extech, and Feice, offering ATEX, IECEx, and CENELEC certified products suitable for hazardous industrial environments.Key Manufacturers and Suppliers

© 2026 ZITHA TECH SPECIALTY CABLES (Pty) Ltd - All rights reserved

1. EXB Electric (South Africa) EXB Electric supplies explosion-protected equipment for petrochemical, oil & gas, and related industries. They represent Eaton Industries and CEAG GmbH, offering flameproof and encapsulated components, including junction and distribution boxes. Their products comply with EN 60079 standards and are suitable for Zones 1, 2, 21, and 22 hazardous areas. CEAG enclosures feature chemical-resistant thermoplastics and integrated safety locks to prevent inadvertent operation, ensuring reliable control in extreme conditions . 2. Warom (China, global shipping) Warom specializes in explosion-proof electrical equipment, including distribution boxes, control equipment, motor switches, and cable connectors. Their products meet IEC, ATEX, IECEx, and CENELEC standards, making them suitable for petroleum, chemical, marine, and mining industries. Warom offers a variety of series such as FXMD, HRD99, BX-e, and CBY20-L, providing options for different voltage, enclosure, and protection requirements . 3. Extech Safety Systems (South Africa) Extech provides certified hazardous area solutions, including intrinsically safe (Ex i) and flameproof (Ex d) distribution boxes. They are authorized representatives for Eaton MTL, Beka Associates, Extronics, and other global brands. Extech supports technical assistance, installation guidance, and networking solutions for hazardous areas, making them a strong partner for West African industrial projects . 4. Feice Explosion-proof Electric Appliance Co., Ltd. (China) Feice is a leading Chinese manufacturer with over 500 employees and a modern industrial park. They produce explosion-proof electrical equipment and lamps, including distribution boxes, with certifications such as ATEX, ISO9001, and HSE standards. Feice has experience supplying major clients like Sinopec, CNPC, and Chinese satellite launch centers, and they offer technical support and engineering services for international projects .

Considerations for West African Projects
• Certifications: Ensure the distribution boxes comply with ATEX, IECEx, CENELEC, or NEC standards for safety in hazardous zones.

• Zone Classification: Verify suitability for Zone 1, 2, 21, or 22 depending on gas or dust hazards.

• Material and Durability: Look for chemical-resistant thermoplastics or stainless steel (AISI 316L) enclosures for harsh environments.

• Technical Support: Choose suppliers offering installation guidance, maintenance support, and local or regional service options.

• Shipping and Logistics: Confirm the supplier can deliver to West Africa and provide customs documentation if importing from China or South Africa. These manufacturers provide a range of explosion-proof distribution boxes suitable for industrial applications in West Africa, ensuring compliance with international safety standards and reliable operation in hazardous environments.
