What fiber optic cable manufacturers are there in Barbados

Overview

Fibre Optic Cable Manufacturers in BarbadosWhether you're a wholesaler, retailer, distributor, or export buyer of Fibre Optic Cable from Barbados, explore.

Key Takeaways

Barbados has local fiber optic service providers and distributors, but no major fiber optic cable manufacturers; key companies include TELiCON Group and Anixter Barbados.Local Fiber Optic Service Providers

TELiCON Group is a leading company in Barbados specializing in fiber optic network design, installation, splicing, testing, and maintenance. They played a pivotal role in constructing the first 100% fiber-to-the-home (FTTH) network in the Caribbean for Flow Barbados, deploying over 10,000 km of fiber optic cable and serving more than 350,000 subscribers across the island. TELiCON also provides workforce training and has executed similar projects in the Bahamas, Cayman Islands, and Jamaica . Anixter Barbados offers a wide range of fiber optic cabling infrastructure, including indoor and outdoor fiber optic cables, assemblies, enclosures, panels, connectors, splices, and testing equipment. They serve as a distributor for high-performance network cabling solutions, supporting both commercial and residential projects .

Verified Cabling and Fiber Optics Companies

© 2026 ZITHA TECH SPECIALTY CABLES (Pty) Ltd - All rights reserved

According to Barbados business listings, there are at least two verified cabling and fiber optics companies in Barbados, located in Websters Industrial Park, Wildey, Saint Michael and 94 Midsummer Dr., Husbands Terrace, Saint James. These companies provide installation, maintenance, and distribution services for fiber optic networks .

Major Telecom Projects

Flow Barbados has completed a full island-wide FTTH rollout, replacing the traditional copper network with fiber optics. This project ensures high-speed broadband, landline, and television services, making Barbados the first Caribbean island fully wired with fiber optics . Local contractors like TELiCON were instrumental in this deployment.

Summary

While Barbados does not appear to host a large-scale fiber optic cable manufacturer, it has local service providers and distributors capable of supplying, installing, and maintaining fiber optic networks. Companies such as TELiCON Group and Anixter Barbados are key players, and verified cabling companies provide additional support for both residential and commercial fiber optic projects. For sourcing physical fiber optic cables, international suppliers may also be engaged.
