1. Altura Industries Altura Industries is a prominent cable tray manufacturer in Qatar, offering GRP/FRP cable trays and ladders designed for harsh and corrosive environments, including petrochemical and oil & gas sectors. Their products are engineered for fire resistance and durability, ensuring safe cable management in critical installations . They provide a wide range of cable trays, wire baskets, and trunking systems suitable for industrial and commercial applications. 2. Manycon Trading and Contracting WLL Manycon specializes in cable fireproofing and cable tray fire protection across Doha, Lusail, Wakrah, and Ras Laffan. They offer intumescent cable coatings, fire retardant paints, and firestop systems that maintain circuit integrity and prevent flame spread, meeting QCD, UL, and FM standards . Manycon is ideal for projects requiring certified passive fire protection for power, data, and control cabling. 3. TransDelta International Industries L.L.C TransDelta manufactures a full range of cable management systems under the Delta brand, including cable trays, ladders, and trunking. Their products are ISO-certified and tested to meet international safety and fire standards. TransDelta has a strong presence in Qatar and the GCC, providing high-quality, reliable cable support systems for industrial and commercial projects .

Additional Suppliers
• Qatar Technical offers pre-galvanized and hot-dip galvanized cable trays, including solid and perforated designs suitable for fire-resistant installations .

• Electra Qatar provides heavy-duty cable trays with epoxy-coated finishes and options for fire-resistant applications, suitable for residential, commercial, and industrial projects .
Recommendation

For fire-resistant cable trays in Qatar, Altura Industries and TransDelta are highly recommended for their durable, certified products, while Manycon Trading is ideal for projects requiring specialized fireproof coatings and passive fire protection. Choosing between them depends on whether you need pre-manufactured fire-resistant trays or additional fireproofing services for existing installations.
