ZITHA TECH SPECIALTY CABLES (Pty) Ltd

Which company should I choose for stainless steel cable trays

Overview

Looking for a stainless steel cable tray supplier? We offer corrosion-resistant systems for harsh environments.

Key Takeaways

Schiavetti Tekno (Spina Group), Atkore International, and Legrand are leading companies specializing in stainless steel cable trays.

Leading Manufacturers

Schiavetti Tekno (Spina Group, Italy) is a prominent manufacturer of stainless steel cable trays, offering ladder, perforated, closed, and wire-mesh types. Their products are designed for industrial, energy, and infrastructure applications, ensuring strength, corrosion resistance, and compliance with European (EN) and international standards. They also provide custom sizes and compatibility with Unistrut systems, along with technical support and after-sales assistance .

Atkore International manufactures a wide range of cable management systems, including customized stainless steel cable trays. They serve global markets such as the USA, Germany, and China, providing industrial-grade solutions with extended warranties and tailored designs for construction and renovation projects .

Legrand (France), through its Cablofil brand, specializes in wire mesh and stainless steel cable trays. They focus on durable, heavy-duty solutions for electrical and digital building infrastructures, offering OEM manufacturing and 3D modeling support for customized installations .

Additional Notable Suppliers
• Icotek (Germany): Known for innovative cable management systems and EMC solutions, serving over 60 countries .

• Armorduct Systems Ltd (UK): Offers steel cable trays, trunking, and bespoke cable management solutions manufactured in-house .

• Panduit: Provides industrial-grade cable trays and infrastructure products with global distribution and bulk order capabilities .

These companies are recognized for their expertise in stainless steel cable trays, offering solutions suitable for industrial plants, data centers, and infrastructure projects requiring corrosion resistance, durability, and compliance with international standards.
